This matter comes before the Public Service Commission of South Carolina (“Commission”) on the Motion to Compel submitted by the Alliance for Solar Choice.

In the same manner as they are employed in the trial courts, Motions to Compel before the Commission are properly brought in instances where a party upon whom discovery requests, e.g., interrogatories or requests for production of documents, are served fails or refuses to comply with the discovery requests without proper grounds for objection. *See*, S.C. Code Ann. Regs. 103-835; S.C.R.Civ.P. 37. The movant cites no such failure or refusal to comply with discovery. Therefore, the motion to compel must be denied.

This Order shall remain in full force and effect until further order of the Commission.
